

MindSpace Trip to the USA 2021

We are back!

We know you are anticipating your 12-day entrepreneurial adventure in the USA so as to meet with well known startups, established companies, non-profit organizations, universities, accelerators and incubators, while having the chance to visit unique museums, do exclusive guided tours and attend cultural activities.

With your health and safety as our top priority we plan to open our trips as soon as possible and schedule our next missions for the USA for late Summer and mid Fall 2021.

Since 2017, MindSpace designs, builds, and runs entrepreneurial educational tours specifically for aspiring students entrepreneurs, early stage teams and student startups to show them USA's business ecosystem and innovation, inspire entrepreneurial thinking, build their network, get feedback by international investors and provide them with unparalleled expertise and knowledge overall in **San Francisco, Boston and New York.**

This year, there will be different **Trips to the USA taking place in late August and mid October, with smaller teams of students**, due to the Covid safety measures which is our priority during the whole Trip.

- **MindSPACE Trip for Adventurers in Boston** for students to:
 - Visit universities like MIT, Harvard and Stanford Business School
 - Visit Companies like IBM, Workable, Deloitte and Top Tech Startups
 - Meet and discuss with luminaries such as Daskalakis and Tim-Berners Lee
 - Explore the US culture and get connected with warm and friendly host families
 - Build professional & social networks in the US
 - Meet peers with the same interests, make friends or find your co-founder
 - Join private networking meetings with innovation executives and startup founders
